

November 4

SCIFEST

Spark your curiosity at our annual series of weekend expos!

SciFest connects you with scientists and engineers for a behind-the-scenes look at real science.

Healthy U.

SciFest: Healthy U. skips the waiting room and puts you face to face with real medical professionals and resource providers. Learn more about the human body from local biologists and pharmacists. Ask the questions you've kept in the back of your mind, and learn the science behind the answers you receive. Plus, young scientists have a chance to learn about the wide range of career opportunities available in the health fields!

Scheduled Activities

Special Presentations

@CenterStage (Lower Level)

- | | |
|---------|--|
| 11:15pm | <i>The Body Fights Back: Our Body's Response to the Cikungunya Virus</i>
Brad Hiller, Graduate Research Assistant, Washington University in St. Louis |
| 12:15pm | <i>Exercise and the Skeleton</i>
Amanda Smolinsky, PhD Candidate, University of Missouri School of Medicine |
| 3:15pm | <i>The Scoop on Poop</i>
Saint Louis Science Center Family Science Demonstration |

#GIVINGTUESDAY™

The mission of the Saint Louis Science Center:

To ignite and sustain lifelong science and technology learning.

This year, #IgniteScience on #GivingTuesday by making a donation to the Science Center.

GivingTuesday is a day when people around the world come together to give back online: Black Friday, Cyber Monday, Giving Tuesday. Get ready to click "Donate!" on November 28 to help support valuable programs like SciFest!

For more info, check out slsc.org/givingtuesday or text/call Vincent Piazza at 314.884.1556.

Ongoing Activities

Available 9:30am - 4:30pm unless otherwise specified.

Lower Level

Be healthy, stay healthy! Learn about how to spot health problems before they get too serious. Learn about bone density and alignment. Learn and vision screenings, and visit T. Rex for hearing screenings and to participate in a child safety program!

Organizations represented:

Crown Vision Center

Ideal Bone Density Center

Barron Chiropractic

Ongoing Classroom Activities:

T. Rex Room:

MoCHIP – Missouri Child Identification and Protection – Free Child Safety Program!

Missouri Academy of Audiology – Free Hearing Screening!

SAINT LOUIS SCIENCE CENTER

5050 Oakland Avenue
Saint Louis, Missouri 63110

Voice: 314.289.4400
Fax: 314.289.4420

1st Floor

Mind, brain, body! Learn about whole body health with specialists focusing on the brain, exercise, therapy, and meditation. Find out what you can do to live healthier each and every day!

Organizations represented:

Washington University in St. Louis – Amazing Brain Carnival

St. Louis Neuroscience Outreach Consortium of Washington University

Washington University NF Center

St. Louis Children's Hospital

Saint Louis University Athletic Training Program

Missouri Falun Dafa Association

Saint Louis University Cancer Center Music Therapy Program

2nd Floor

Meet the professionals! Visit with local professionals in biology, from local research labs to health and wellness screenings.

Organizations represented:

Midwest Scientific

KidSight – Free Vision Screening!

Don't miss the next SciFest!

January 19-21, 2018

Community Science Showcase

February 24-25, 2018

Engineering Our World

March 10, 2018
