

# Club NF Goes Ice Skating!

The Washington University NF Center and St. Louis Children's Hospital invite you to attend our upcoming Club NF event, a **FREE** therapy and educational program for children with NF1.

Join us on Saturday, December 2<sup>nd</sup> at the Steinberg Ice Rink, for a morning of ice skating and family fun! The activities will target and promote development of the following skills often delayed in children with NF1:

- Gross motor skills, including running, jumping and balancing. Activities that use large muscle groups strengthen underdeveloped muscles and improve cardiovascular function.
- Fine motor skills including handwriting, tying shoes, getting dressed and organizing a school binder.
- Social Skills to enable your child to speak in a group, initiate conversation, make eye contact and boost confidence.

Children will need to wear a helmet when skating. This is an outdoor event, so please dress appropriately for weather conditions (gloves, hat, and coat). Parents will sign a waiver at the event in order for their child/children to participate.

View additional event information and register at [nfcenter.wustl.edu/events](http://nfcenter.wustl.edu/events).
